

**Youth Vaping Alternative Program Education (YVAPE)
Consent to Participate in this Program**

Who is offering the program? Shu-Hong Zhu, PhD, and associates at UC San Diego are offering YVAPE to help students who vaped at school.

What will happen to me in this program?

1. **Initial Call** – a YVAPE counselor will talk with you about vaping (around 20 mins).
2. **Videos & Discussion** – watch a series of online videos on vaping and talk with your parent or guardian or YVAPE counselor about them (around 30 to 45 mins)
3. **Follow-up Call** – a YVAPE counselor will talk with you about the videos (around 10 mins)
4. **Online End of Program Questions** – answer a few questions online about your experience in YVAPE (around 5 mins)

What risks are associated with this program?

1. You may feel some discomfort talking about your experiences with vaping.
2. Although we remove any information that could identify you before we analyze data and we follow procedures to securely store and handle all sensitive information, there is possible loss of privacy if someone were to break into the database.

What benefits can I expect? You might benefit from the following:

1. Participation may prevent you from being suspended from school for vaping.
2. You may learn about the harms of vaping.
3. If you want to quit vaping, the program may help you do so.

Can I quit the program after I start? Participation in this program is entirely voluntary. You may withdraw at any time. If you choose not to participate, your school might follow its standard practices for students caught vaping at school.

Will you keep my records confidential? Records will be kept confidential to the extent allowed by law.

Your Signature and Consent

By signing your name, you agree to participate. If you are 13-17 years old, your parent or guardian also needs to sign to provide permission for you to participate. Upon enrollment, you and your parent or guardian will receive an email with more details regarding participation.
